Korn Ferry Tour Event in Amarillo Names Amarillo National Bank as Presenting Sponsor

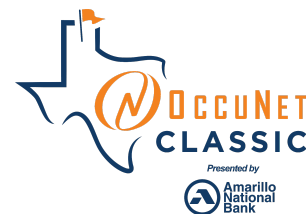

Inaugural event to be contested June 11-14, 2026 at Tascosa Golf Club

AMARILLO, Texas – Amarillo National Bank, which has operated for over 130 years, has been named the presenting sponsor for a new event on the Korn Ferry Tour starting next year in Amarillo, Texas, which will now be known as the “OccuNet Classic presented by Amarillo National Bank.”

“We are excited to welcome Amarillo National Bank as the presenting sponsor of our new Korn Ferry Tour event in Amarillo,” said Korn Ferry Tour President **Alex Baldwin**. “With its longstanding ties to the community and dedication to fostering local growth, Amarillo National Bank is the perfect partner to help us bring world-class professional golf to the Texas Panhandle. In collaboration with The OccuNet Company, the OccuNet Classic presented by Amarillo National Bank will showcase the exceptional talent of the players on the Korn Ferry Tour and the spirit of West Texas.”

Earlier this year, the Korn Ferry Tour announced a multi-year partnership with The OccuNet Company, to serve as the event’s official title sponsor. The OccuNet Company is an innovative Healthcare Services company focused on healthcare affordability and first-class member experiences. Today’s announcement will also see Amarillo National Bank become the presenting sponsor of the event in a multi-year partnership.

“The OccuNet Company is excited to welcome Amarillo National Bank as the presenting sponsor of the OccuNet Classic,” said **Chase Fairly**, Managing Partner, Growth at The OccuNet Company. “Amarillo National Bank shares our commitment to celebrating the spirit and hospitality that make this region special. We look forward to creating a premier experience for players, fans, and the entire Texas Panhandle for years to come.”

The OccuNet Classic presented by Amarillo National Bank will take place at Tascosa Golf Club from June 8 through June 14, 2026. Located in northwest Amarillo, Texas, Tascosa Golf Club features 36 holes of championship golf across two courses – La Paloma and Tascosa Course. The La Paloma Course, where the tournament will be contested, is a links-style course stretching over 7,000 yards, featuring dramatic elevation changes, natural rock outcroppings, native rough and several lakes.

Amarillo National Bank, founded in 1892, was purchased by cattleman and early Amarillo settler, B.T. Ware in 1906. His descendants have kept the bank in the family ever since, becoming one of the largest family-owned banks in the nation. The bank is fiercely independent, answering only to its customers as it has no outside stockholders or board of directors. Today, it's managed by the 5th generation of Wares. The bank has locations in Amarillo, Canyon, Borger, Lubbock, Fort Worth, Austin, San Antonio and Bryan-College Station.

“We’re excited to support the Korn Ferry Tour in Amarillo as these opportunities are rare. The event will bring our community together to watch world-class golf in our own back yard,” said **William Ware**, President of Amarillo National Bank.

The OccuNet Classic presented by Amarillo National Bank will be a 72-hole tournament featuring 156 players from around the world. The event, operated by Framework Events, will be part of the Korn Ferry Tour’s regular season schedule in 2026. At season’s end, the top 20 players on the Korn Ferry Tour Points List will earn their PGA TOUR cards for the following season, with the No. 1 player earning exemptions into the following year’s PLAYERS Championship and U.S. Open.

“We couldn’t be more excited to welcome Amarillo National Bank as the presenting sponsor of the OccuNet Classic presented by Amarillo National Bank,” said **Drew Blass**, Tournament Director for Framework Events. “Combined with the exceptional commitment of The OccuNet Company as our title sponsor, this partnership creates a tremendous foundation for bringing a first-class Korn Ferry Tour event to the Texas Panhandle.” Blass noted that Framework Events is already integrating into the community and is eager to apply the organization’s experience from other events and markets to elevate the tournament.
